

# Indiana's NAHB Build-PAC

**11th most influential PAC in the nation**

Why should **I** contribute to the Federal Housing Political Action Fund (PAC)?

**70% home ownership rate**

The National Association of Home Builders (NAHB) has stopped legislation that **would** have negatively impacted all homeowners. (NAHB stopped legislation that would have eliminated the mortgage exemption.)

NAHB supports political races in Indiana.

**Protect** housing interests at the federal level. **Stop** anti-growth legislation.

Currently, less than 1% of IBA members contribute to the NAHB Build-PAC.
